## A map of the front lines

by Pat Lockley

2012-03-25 12:02:24

We have made a simple file that contains geographic annotation of the front lines at Arras 1917 for earth viewing software, e.g. Google Earth or Google Maps.

[View in Google Maps](#)

**Instructions for Google Earth:** If you haven't already, download [Google Earth](#) to your computer, then download [the KLM file](#).. Open the file in Google Earth. You can use your cursor to move around the globe and in many cases zoom down to street level.
